INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of County Commissioners
Storey County, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Storey County, Nevada, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Storey County, Nevada, as of June 30, 2013, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-7 and 16-24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Storey County, Nevada's basic financial statements. The introductory section, combining and individual nonmajor fund financial, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 6, 2013, on our consideration of Storey County, Nevada's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Storey County, Nevada's internal control over financial reporting and compliance.

COUNTY OF STOREY, STATE OF NEVADA
MANAGEMENT DISCUSSION AND ANALYSIS

As management of Storey County, State of Nevada, we offer readers of Storey County's financial statements this overview and analysis of Storey County for the fiscal year ended June 30, 2013.

FINANCIAL HIGHLIGHTS

- The assets of Storey County exceeded its liabilities by \$30,835,241.
- The County's unrestricted net assets increased \$ 2,320,828.
- At June 30, 2013, the unreserved fund balance for the general fund was \$7,433,142.
- Storey County's bonded debt at June 30, 2013 was \$2,371,226 which was \$614,656 in revenue bonds of the County's Enterprise Funds a Medium term (7 yr.) General obligation bond of \$148,570, and Virginia City Rail Bonds of \$1,608,000.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to Storey County's basic financial statements. These basic financial statements include (1) Government-Wide Financial Statements (2) fund financial statements, and (3) notes to the financial statements. Other supplementary information is also available in this report.

Government-Wide Financial Statements. The government-wide statements are designed to provide readers with a broad overview of Storey County's finances in a manner similar to private-sector business.

The Statement of Net Assets is information on all of Storey County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases in net assets may serve as an indicator to show if the financial position of Storey County is improving or declining.

The Statement of Activities notes information as to how the government's net assets changed during the last fiscal year. All changes in net assets are reported as soon as the event causing the change occurs, regardless of the timing of related cash flows. Revenues and expenses are reported for some items that result in cash flows in future periods, (e.g. earned, unused vacation)

The Government-Wide Financial Statements distinguish functions of Storey County that are mainly supported by taxes and intergovernmental revenues (government activities) from other functions that recover their costs through user fees and charges. The governmental activities of Storey County included general government, public safety, roads and streets, judicial and, culture and recreation. The business activities (enterprise funds) are the water and sewer.

The Government-Wide Financial Statements can be found in this report on pages 8 and 9.

Fund Financial Statements. Funds are groupings of related accounts and is used to maintain control over resources segregated for specific activities or purpose. Storey County uses fund accounting to ensure compliance with state and federal finance related requirements. The fund types of Storey County are as follows: governmental; enterprise; and fiduciary.

Governmental Funds. Governmental funds are used to account for the functions reported as governmental activities, in the Government-Wide Financial Statements. Unlike the Government-Wide Financial Statements, governmental fund statements focus on near term inflows of expendable resources and on balances of expendable resources at the end of the fiscal year. This information helps with decisions as to near term financing needs.

The focus of governmental funds is narrower than the Government-Wide Financial Statements. It is useful to compare the information for governmental funds with similar information for governmental activities in Government-Wide Financial Statements. Readers will better understand the long-term impact of governments near-term financing decisions. The governmental fund Balance Sheet and governmental fund Statement of Revenues, Expenditures, and Changes in fund balances allow this comparison between governmental funds and activities.

Storey County has twenty-four governmental funds. Financial information is stated separately in the governmental fund Balance Sheet and in the governmental Statement of Revenues, Expenditures, and Changes in fund balances, for the general fund and four other funds considered major funds. Data from the other twenty governmental funds are combined. Individual fund data for non-major governmental funds are reported in combining statements in this report.

Storey County adopts an annual budget for all the above funds. A budgetary comparison statement has been provided for all funds to show compliance with the budget.

The governmental funds financial statements can be found in this report on pages 11 through 24.

Enterprise funds. Storey County operates two enterprise funds, Water and Sewer. These funds are reported as business type activities, reported in the Government-Wide Financial Statements.

Enterprise funds are presented on pages 25 through 27.

Fiduciary funds. Fiduciary funds are used to account for resources held for other entities. Fiduciary funds are not reported in the government-wide financial statement as the resources do not support Storey County's needs. The cash basis of accounting is used for fiduciary funds.

Fiduciary fund financial statements can be found in this report on page 28.

Notes to the financial statements. The notes in this report provide additional information necessary for a full understanding of the information provided in the Government-Wide Financial Statements. The notes can be found on pages 29 through 40.

Other information. The combining and individual fund statements and schedules for major governmental funds can be found on page 16 through 24 of this report. This same information for non-major governmental funds can be found on pages 41 through 66 of this report.

Revenues in the General Fund were \$10,928,991 which was \$329,774 more than the amount budgeted. Actual revenue exceeded budgeted amounts in all budget categories except taxes. Actual expenditures were \$8,703,384, which was \$707,068 less than appropriations for the year. Overall, the total ending fund balance was \$7,433,142 which is \$1,661,991 more than budgeted. Of the \$7,433,142 ending fund balances \$0 was designated as an opening fund balance on July 1, 2013 and \$0 was reserved on July 1, 2013.

PERCENT TOTALS - ALL FUNDS

Business Type Activities. Business-type activities increased Storey County's net assets by \$69,603. Depreciation expense for the current fiscal year was \$146,197.

Financial Analysis of the Government's Funds. As noted earlier, Storey County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds. The focus of Storey County's governmental funds is to provide information on near term inflows, outflows, and balances of expendable resources. Such information is useful in assessing Storey County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of government's net resources available for spending at the end of the fiscal year.

Budgetary Highlights-Fiscal Year June 30, 2013. The budget statements reflect a comparison of budgeted revenues and expenditures to actual for the year ended June 30, 2013. The budget statements were prepared from the final budget as filed with the Nevada Department of Taxation. Budget revenues and expenditures were adjusted for grants received in excess of original amounts budgeted. Augmentations and line item transfers were made during the year as approved by the Storey County Commissioners.

The General Fund revenues were more than expectations by \$329,774, leaving a fund balance of \$7,433,142.

General Fund budget information can be found on pages 16 through 20.

Capital Assets. Storey County's investment in capital assets for its governmental and business type activities as of June 30, 2013 amounts to \$57,838,860 (net of accumulated depreciation). This investment in capital assets includes land, buildings, and system, improvements, machinery and equipment, park facilities, roads, and bridges.

Other Highlights-Fiscal Year June 30, 2013. On August 3, 2011, Storey County issued \$2,000,000 worth of General Obligation Bonds for the purpose of completing the Virginia and Truckee Railroad Tunnel #6 for the purpose of extending the railroad line to the old Freight Depot. Funds were received on December 28, 2011 with a payback period ending June 1, 2028. As of this date no construction has commenced due to construction bids which were deemed too expensive. However, minor bonds proceeds have been used for design and engineering costs. Attempts to solicit additional bids are in the process.

In December of 2000 Storey County entered into a Public-Private partnership with Tahoe Regional Industrial Center for the development of an industrial park. In April of 2011 Storey County agreed to accept expenses for infrastructure in the amount of \$46,850,563. In addition, a payment of \$2,400,000 was paid in accordance with the Developer Agreement. A payment of \$838,459 was made during the fiscal year ended June 30, 2013.

This financial report is designed to provide a general overview of Storey County, Nevada's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Storey County Comptroller, P.O. Box 432, Virginia City, Nevada 89440, telephone number (775)847-1006, e-mail Hgallagher@StoreyCounty.org

STOREY COUNTY, NEVADA
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
 CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
 TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2013

Net change in fund balances - governmental funds, page 14 \$ 2,043,409

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase capital assets are reported in governmental funds as expenditures. However, those costs are shown in the statement of net assets and allocated over their estimated useful lives as depreciation expense in the statement of activities. This is the amount by which net capital outlays exceeded depreciation in the current period. (840,278)

Net long-term receipts and payments reported in governmental funds as expenditures 838,459

Some expenses in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds (4,271)

Change in net assets of governmental activities, page 10 \$ 2,037,319

STOREY COUNTY, NEVADA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Storey County, Nevada, a local government created under the provisions of Nevada Revised Statutes 243.110 is governed by an elected three-member board of commissioners. As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations and so data from these units are combined with data of the primary government.

Blended Component Units - The Virginia Divide Sewer Improvement District is under the direct oversight of the Storey County Board of Commissioners. The rates for users charges and bond issuance authorizations are approved by the County Commissioners, and the legal liability for the Virginia Divide Sewer District's debt remains with Storey County. The District is reported as an enterprise fund.

The governing body for the towns of Virginia City and Gold Hill is the board of County Commissioners of Storey County. The county personnel provide essentially all services for both Virginia City and Gold Hill. These towns are reported as special revenue funds.

The Board of County Commissioners directly appoints the governing board of the Virginia City Tourism Commission (VCTC). The county personnel provides essentially all services, accounting, budgeting and other record keeping for the commission. The VCTC has elected to be reported as a major fund (Special Revenue) in the County financial statements.

Excluded from the reporting entity - Storey County Schools, Storey County Senior Center, and Canyon General Improvement District.

These potential component units have separate elected or appointed boards and provide services to residents, generally within the geographic boundaries of the government. These potential component units are excluded from the reporting entity because the government does not have the ability to exercise influence over their daily operations, approve budgets, or provide funding.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Government-Wide Financial Statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported, separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degrees to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The Government-Wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Gross receipts and sales taxes are considered "measurable" when in the hands of intermediary collecting agents or governments. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days after the end of the current fiscal period. Anticipated refunds of taxes are recorded as liabilities and reductions of revenue when they are measurable and the payment seems certain. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The government reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Fire Special Revenue Fund* accounts for money received primarily from intergovernmental sources. Expenditures are for County fire protection including the purchase of machinery and equipment to provide such services.

The *Tri Payback Fund* accounts for monies which shall be required to be paid back to the developers of the Tahoe-Reno Industrial Center as detailed in Note XVII.

The *Road Special Revenue Fund* accounts for money received primarily from gasoline taxes and other intergovernmental sources. Expenditures are for the construction and maintenance of County roads and bridges, and other road related infrastructure and the purchase of machinery and equipment required to do such work. (Elected to be reported as major fund.)

The *Virginia City Tourism Commission Special Revenue Fund* promotes tourism for Storey County and Virginia City through advertising and promotion of special events and attractions located within the County. (Elected to be reported as a major fund)

The government reports the following major proprietary funds:

The *Water System Fund* accounts for the activities of the Virginia City/Gold Hill water distribution system.

The *Virginia Divide Sewer System Fund* accounts for the operations of the sewage treatment plant, pumping stations and collection systems.

As a general rule the effect of interfund activity has been eliminated from the Government-Wide Financial Statements. Exceptions to this general rule are charges between the governments water and sewer functions. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *Program Revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *General Revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services or producing and delivering goods in connection with the proprietary funds' principal ongoing operations. Revenue and expense not meeting this definition are reported as nonoperating revenues and expenses.

D. ASSETS, LIABILITIES AND NET ASSETS OR EQUITY

1. DEPOSITS AND INVESTMENTS

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, short term investments with original maturities of three months or less from the date of acquisition, and the State Treasurer's investment pool. Investments are reported at fair value.

2. RECEIVABLES AND PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds".

All trade receivables are shown net of an allowance for uncollectibles. No allowance is recorded for property tax receivables. Property taxes are levied as of July 1 on property values assessed on the same date. The tax levy may be paid in four installments by the third Monday in August, and the first Monday in October, January and March. There is a ten day grace period allowed for each installment. Penalties and interest are assessed on all delinquent collections. Liens are filed on the property at one year's delinquency.

3. INVENTORIES AND PREPAID ITEMS

No inventories are maintained by the government for either operating or office supplies. These items are recorded as expenditures when purchased, rather than when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

4. RESTRICTED ASSETS

The County has no restricted assets as June 30, 2013.

5. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure (i.e., roads, bridges, sidewalks, storm drains, and similar items), are reported in the applicable governmental or business-type activities columns in the Government-Wide Financial Statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$3000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized in proprietary funds as projects are constructed. Interest incurred during the construction phase of proprietary fund fixed assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Property, plant and equipment are depreciated in the proprietary funds using the straight line method over the following useful lives:

<u>ASSETS</u>	<u>YEARS</u>
Public and System Infrastructure	20-100
Vehicles	5-10
Office Equipment	5-10
Equipment	10-20
Buildings	75-100
Building Improvements	35-50
Computer Equipment	5
Furniture and Fixtures	7-10

6. COMPENSATED ABSENCES

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vested or accumulated vacation pay that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the fund that will pay it. Amounts of vested or accumulated vacation pay that are not expected to be liquidated with expendable available financial resources are reported as long term debt. No expenditure is reported for these amounts. No liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However a liability is recognized for that portion of accumulated sick leave benefits that is required to be paid upon termination. All employees with a minimum accrued sick leave of 360 hours to a maximum of 960 hours (except for fire department - no maximum) shall be paid at retirement or termination of service, other than involuntary termination as follows:

<u>Years of Continuous Service</u>	<u>Other Employees Rate of Pay</u>	<u>Fire Department Rate of Pay</u>
5 years but less than 10 years	12.5¢ on the Dollar	20.0¢ on the Dollar
10 years but less than 15 years	25.0¢ on the Dollar	
10 years but less than 20 years		35.0¢ on the Dollar
15 years but less than 20 years	40.0¢ on the Dollar	
20 years or more	50.0¢ on the Dollar	50.0¢ on the Dollar

The maximum sick leave paid upon termination shall be \$5,000 for all employees except law enforcement and firemen.

Law Enforcement personnel:

Less than 10 years of service shall be paid at a rate of 20% of their base rate of pay for each hour, not to exceed \$1,500

10 to 20 years of service shall be paid at a rate of 40% of their base rate of pay for each hour, not to exceed \$2,500

More than 20 years of service shall be paid at a rate of 60% of their base rate of pay for each hour, not to exceed \$4,000

Firemen: 1,333 hrs. maximum for line employees
952 hrs. maximum for 8 hr. employees

7. LONG-TERM OBLIGATIONS

In the Government-Wide Financial Statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities, business-type activities, or proprietary fund type statement of net assets.

The County currently has no long term bonds payable in the governmental funds. The revenue bonds reported in the proprietary fund-types incurred no bond premiums or discounts and therefore have no deferred charges or amortization.

The County has a long-term obligation relating to the Tahoe Reno Industrial Center (TRI) - see note XVII for details.

8. FUND EQUITY

In the fund financial statements, governmental funds report designations of fund balances for amounts which represent tentative management plans that are subject to change. The County has reserved \$ 0 of the general fund balance at July 1, 2013.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

- A. The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds and net assets - governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds. The details of this \$6,524,264 difference are as follows: Capital assets net of related depreciation are not reported in the Governmental Funds financial statements because they are not current financial resources, but they are reported in the statement of net assets - \$52,050,319. Long term liabilities are not due and payable in the current period and therefore are not reported in the funds, (\$45,526,055).

- B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds and changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of this \$(6,090) difference are as follows: Capital outlays to purchase capital assets are reported in governmental funds as expenditures. However, those costs are shown in the statement of net assets and allocated over their estimated useful lives as depreciation expense in the statement of activities. This is the amount by which net capital outlays exceeded depreciation in the current period - \$(840,278). Net long-term receipts and payments reported in governmental funds as expenditures \$838,459. Some revenues and expenses in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds - \$(4,271).

III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds.

The County follows these procedures in establishing the budgetary date reflected in the financial statements:

1. Prior to April 15, the County budget officer submits to the County Commissioners the tentative operating budgets (4) for the fiscal year commencing the following July 1. The operating budgets include proposed expenditures and the means of financing them.
2. The tentative budgets are filed with the State Department of Taxation by April 15.
3. A public hearing is conducted at the County Court House to obtain taxpayers comments. (3rd Monday in May)
4. The final budgets are adopted and filed with the State Department of Taxation. Final budgets must be certified by a majority of all members of the governing body. The final budgets must be adopted on or before June 1.
5. Budget amounts may be transferred within funds if the governing body is advised and the action is recorded in the official minutes of the next meeting. Revisions that alter the total expenditures of any fund must be approved by the County Commissioners. Budget revisions must also be filed with the State Department of Taxation.
6. Budgets for the General, Special Revenues, Debt Service, Proprietary, and Capital Projects Funds are adopted on a basis consistent with generally accepted accounting principles. (GAAP)
7. Budget augmentations were prepared for the various special revenue funds during the fiscal year ended June 30, 2013.
8. All budget appropriations lapse at the end of each fiscal year.

In accordance with State statute, actual expenditures may not exceed budgetary appropriations of the various governmental programs of the General Fund or total appropriations of the Special Revenue and Capital Projects Funds, except as expressly authorized by law.

B. EXCESS EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2013, expenditures exceeded appropriations as follows:

	<u>Expenditures</u>	<u>Appropriations</u>
Fire Special Revenue Fund	\$ 3,961,204	\$ 3,720,430
Wildland Fire Protection Special Revenue Fund	590,770	505,992
Sheriff Jail Special Revenue Fund	603,785	512,531
Emergency Mitigation Special Revenue Fund	4,609	0
Town of Gold Hill Special Revenue Fund	2,141	2,000
General Fund - Culture and Recreation Program	140,308	124,172
General Fund - Community Service Program	485,199	480,296
General Fund - Debt Service Program	28,962	16,743

C. DEFICIT FUND EQUITY

The Jail Special Revenue Fund incurred a deficit fund equity at June 30, 2013.

D. COMPLIANCE - NRS 354.624

Storey County has two enterprise funds: the Water System Enterprise Fund and the Virginia-Divide Sewer Improvement District Enterprise Fund. Storey County also maintains agency funds as follows: State of Nevada Fund Storey County School District Fund, Storey County School District Debt Service Fund and the Virginia City Convention and Tourism Authority Fund. The County maintains no internal service funds, self insurance funds or funds whose balance is required by law to be used for a specific purpose other than the payment of compensation to a bargaining unit, as defined in NRS 288.028 or carried forward to the succeeding fiscal year in any designated amount.

All enterprise and agency funds maintained by Storey County:

- a) are being used in accordance with NRS 354.624
- b) are being administered in accordance with generally accepted accounting procedures
- c) all reserves in the funds are reasonable and necessary to carry out the purposes of the funds
- d) reflect the sources of revenues available for the fund during the fiscal year - including transfers from other funds
- e) are following the statutory and regulatory requirements applicable to the funds
- f) reflect the balance and retained earning of the funds

Storey County has \$0 reserved in all funds.

IV. CASH

At year end, the carrying amount of the bank balances was \$19,989,675. Of the bank balances \$500,000 was covered by federal depository insurance. Additionally \$6,175,507 cash was on deposit with the Nevada State Treasurer. The fair value of all cash and investments equaled 100% of book value.

Credit risk classification of the County's cash is as follows:

1. Insured by Federal Deposit Insurance	\$ 500,000
2. Collateralized with securities held by The Nevada State Treasurer	6,175,507
3. Uncollateralized with the financial institution	13,309,679
4. Uncollateralized - cash on hand	4,489
	<u>\$ 19,989,675</u>

Cash held by the County is allocated to the various funds as follows:

Major governmental funds	\$ 11,842,440
Non-major governmental funds	6,733,326
Business-type funds	<u>1,244,809</u>
	19,820,575
Fiduciary funds	<u>169,100</u>
Total	<u>\$ 19,989,675</u>

V. RECEIVABLES

Receivables as of year end for the governments individual major funds and non-major funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Roads	Fire	VCTC	Non-Major Funds	Proprietary Funds	Total
Receivables:							
Taxes	\$ 109,919		\$ 28,141		\$ 15,804		\$ 153,864
Accounts	<u>226,576</u>	<u>\$ 83,066</u>	<u>472,581</u>	<u>\$ 6</u>	<u>143,078</u>	<u>\$ 68,868</u>	<u>1,000,175</u>
Gross Receivables	336,495	83,066	506,722	6	158,882	68,868	1,154,039
Less: Allowance for uncollectibles	<u>0</u>	<u>0</u>	<u>(43,193)</u>	<u>0</u>	<u>0</u>	<u>(787)</u>	<u>(43,980)</u>
Total Net Receivables	<u>\$ 336,495</u>	<u>\$ 83,066</u>	<u>\$ 463,529</u>	<u>\$ 6</u>	<u>\$ 158,882</u>	<u>\$ 68,081</u>	<u>\$1,110,059</u>

The delinquent taxes receivable account represents the past three years of uncollected tax levies. No allowance for uncollectibles has been recorded by the County. Taxes received after 60 days of the year end are recorded as deferred revenue.

Accounts receivable include intergovernmental receivables. All accounts receivable, with the exception of the enterprise fund, were collected within a 60 day period, therefore no allowance for uncollectibles was recorded in those funds.

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year the various components of *deferred revenue* reported in the governmental funds were as follows:

Delinquent property taxes receivable:

General fund	\$ 145,243
Fire fund	20,337
VCTC	10,962
Non-major funds	11,421
Deferred revenue - District Court	<u>5,652</u>
Total	<u>\$ 193,615</u>

VI. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2013 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Primary Government				
Governmental activities				
Capital assets not being depreciated				
Land	\$ 280,259	\$ 107,500		\$ 387,759

Infrastructure	<u>43,256,707</u>		<u>0</u>	<u>43,256,707</u>
Total capital assets being depreciated	<u>59,673,045</u>	<u>1,186,118</u>	<u>0</u>	<u>60,859,163</u>
Less accumulated depreciation for:				
Buildings	2,033,399	243,539		2,276,938
Improvements other than buildings	208,150	28,757		236,907
Machinery and equipment	4,971,799	413,033		5,384,832
Infrastructure	<u>2,078,676</u>	<u>1,523,567</u>		<u>3,602,243</u>
Total accumulated depreciation	<u>9,292,024</u>	<u>2,208,896</u>	<u>0</u>	<u>11,500,920</u>
Governmental activities capital assets - net	<u>\$52,890,597</u>	<u>\$ (840,278)</u>	<u>\$ 0</u>	<u>\$ 52,050,319</u>
Business type activities:				
Capital assets being depreciated				
Water and sewer system	\$ 7,448,430	\$ 240,904		\$ 7,689,334
Machinery and equipment	<u>580,578</u>	<u>10,145</u>		<u>590,723</u>
Total Capital assets being depreciated	<u>8,029,008</u>	<u>251,049</u>	<u>\$ 0</u>	<u>8,280,057</u>

Less accumulated depreciation for				
Water and sewer systems	1,933,910	116,469		2,050,379
Machinery and equipment	<u>411,409</u>	<u>29,728</u>		<u>441,137</u>
Total accumulated depreciation	<u>2,345,319</u>	<u>146,197</u>	<u>0</u>	<u>2,491,516</u>
Business type activities capital assets - net	<u>\$ 5,683,689</u>	<u>\$ 104,852</u>	<u>\$ 0</u>	<u>\$5,788,541</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:	
General government	\$ 325,041
Public safety	213,168
Highways and streets, including depreciation of general infrastructure assets	1,650,017
Culture and recreation	<u>20,670</u>
Total depreciation expense - Governmental activities	<u>\$ 2,208,896</u>
Business type activities:	
Water	\$ 104,235
Sewer	<u>41,962</u>
Total depreciation expense - business type activities	<u>\$ 146,197</u>

VII. INTERFUND ASSETS/LIABILITIES

There were no interfund balances as of June 30, 2013.

Interfund transfers:

<u>Transfer From</u>	<u>Transfer to</u>	<u>Amount</u>
General Fund	Road Fund	\$ 200,000
General Fund	Tri Payback	812,702
Indigent Accident	General Fund	291
Wildland Fire Protection	General Fund	25,000
Equipment Acquisition	Road Fund	83,293
Fire Fund	Equipment Acquisition	30,000
Fire Fund	Tri Payback	208,083
Wildland Fire Protection	Fire Fund	12,000
Wildland Fire Protection	Tri Payback	52,667
Equipment Acquisition	Tri Payback	23,940
Jail Fund	Tri Payback	<u>35,670</u>
		<u>\$1,483,646</u>

VIII. CAPITAL LEASES

On January 11, 2002, Storey County entered into a lease agreement as lessee for financing the acquisition of (4) Pierce Hawk Wildlands fire apparatus. This lease qualifies as a capital lease for accounting purposes (title transfers at the end of the lease term), and therefore was recorded at the present value of the future minimum lease payments as of the date of inception. This lease was completed during fiscal year ended June 30, 2013.

IX. MEDIUM TERM AND LONG TERM DEBT

Special Assessment Bonds - The County has no special assessment bonds outstanding at June 30, 2013.

Contracts Payable - The County has no contracts payable at June 30, 2013.

Medium Term Loan - On December 21, 2008, Storey County entered into a medium term bond with Bank of America for \$520,000 bearing interest at a rate of 4.85% per annum. Repayment terms are interest only payable on June 21, with principal and interest payable on December 21 annually. The following schedule represents the debt service requirements:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
December 21, 2013	\$ 74,285	\$ 3,603	\$ 77,888
June 21, 2014		1,801	1,801
December 21, 2014	<u>74,285</u>	<u>1,801</u>	<u>76,086</u>
	<u>\$148,570</u>	<u>\$ 7,205</u>	<u>\$ 155,775</u>

Revenue Bonds - The County issued bonds, where the County pledges income derived from the acquired or constructed assets to pay debt service. Revenues bonds outstanding at June 30, 2013 are as follows:

\$714,000 water revenue bonds with semi-annual installments of interest and annual payments of principal totaling \$38,801 per year through January 1, 2037, used for improvements to the Virginia City water system.

BALANCE		BALANCE
<u>6/30/12</u>	<u>RETIRED</u>	<u>6/30/13</u>
<u>\$ 560,466</u>	<u>\$ 12,910</u>	<u>\$ 547,555</u>

\$294,000 water revenue bonds due in annual installments of \$10,000 to \$15,000 through January 1, 2014, used for improvements to the Virginia City Water System.

BALANCE		BALANCE
<u>6/30/12</u>	<u>RETIRED</u>	<u>6/30/13</u>
<u>\$ 29,000</u>	<u>\$ 14,000</u>	<u>\$ 15,000</u>

\$138,000 sewer revenue bonds due at \$673 per month including principal and interest through June 1, 2021 and a final payment of approximately \$260 used for improvements to the Virginia-Divide Sewer System.

BALANCE		BALANCE
<u>6/30/12</u>	<u>RETIRED</u>	<u>6/30/13</u>
<u>\$ 57,389</u>	<u>\$ 5,287</u>	<u>\$ 52,102</u>

\$890,000 Virginia City Rail Bond - Series 2010A due in annual installments of \$36,000 to \$73,000 through December 1, 2027.

BALANCE		BALANCE
<u>06/30/12</u>	<u>RETIRED</u>	<u>6/30/13</u>
<u>\$ 854,000</u>	<u>\$ 38,000</u>	<u>\$ 816,000</u>

\$859,000 Virginia City Rail Bond - Series 2010B due in annual installments of \$33,000 to \$73,000 through December 1, 2027.

BALANCE		BALANCE
<u>06/30/12</u>	<u>RETIRED</u>	<u>6/30/13</u>
<u>\$ 826,000</u>	<u>\$ 34,000</u>	<u>\$ 792,000</u>

Revenue bond debt service requirements to maturity including interest are as follows:

YEAR ENDING	ANNUAL	TOTAL
<u>JUNE 30,</u>		
2014 to 2015	\$ 223,197 to 225,272	\$ 448,469
2016 to 2021	212,876 to 221,887	1,305,911
2022 to 2028	189,546 to 203,201	1,376,342
2029 to 2037	38,801	349,209
		<u>\$3,479,931</u>

Changes In Long-Term Liabilities - During the fiscal year ended June 30, 2013, the following changes occurred in liabilities reported in the general long term debt group:

	BALANCE <u>JULY 1, 2012</u>	<u>ADDITIONS</u>	<u>REDUCTIONS</u>	BALANCE <u>JUNE 30, 2013</u>
Compensated absences	\$ 124,453	\$ 29,158	\$ 3,425	\$ 150,186

Cash - ending	<u>\$ 1,063,605</u>	<u>\$ 181,204</u>

XI. CONTINGENT LIABILITIES

The County participates in both Federal and State Grant Programs. The audits of these programs for or including the year ended June 30, 2013 have not been finalized. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County is currently a defendant in no lawsuits, with no other unasserted possible claims which are probable of assertion

XII. AVAILABLE BORROWING CAPACITY

The Nevada Revised Statutes section 244.805, limits the County's general obligation debt to 10% of the County's assessed valuation. The 2012/2013 assessed valuation is \$516,800,000 which would allow the bonding up to \$51,680,000. On June 30, 2013, the County had \$148,570 outstanding general obligation bonded debt, exclusive of revenue and school district bonds.

The town of Virginia City general obligation debt limit based on the 2012/2013 assessed valuation was \$32,700,000 (NRS 269.425). The town of Virginia City has at June 30, 2013 no general obligation bonds outstanding.

The town of Gold Hill general obligation debt limit based on the 2012/2013 assessed valuation was \$10,200,000 (NRS 269.425). The town of Gold Hill has at June 30, 2013, no general obligation bonds outstanding.

XIII. PROPERTY TAXES

Property taxes attach as an enforceable lien as of July 1. The tax is levied for the fiscal year beginning July 1st after the Nevada Tax Commission has certified the combined tax rate for the county on May 25th.

Taxes on the property are due on the third Monday in July. Taxes may be paid in quarterly installments, due on the third Monday of July and the first Monday in October, January and March. Penalties are added if the installments are not made within ten (10) days of the due date.

XIV. PENSION PROGRAM - NEVADA STATE PUBLIC EMPLOYEES RETIREMENT SYSTEM

The County participates in the statewide government retirement system; a multiple-employer, cost sharing public employees pension plan which covers substantially all of the County's full time employees. The County has no liability for unfunded obligations of the Nevada State Public Employees Retirement System.

PERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Nevada Revised Statutes establish and amend benefit provisions to be administered by the Retirement Board. The Public Employees Retirement Board of the State of Nevada issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained from PERS, 693 West Nye Lane, Carson City, Nevada 89703

The County pays all contributions for all employees covered under the plan. PERS basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employees working lifetime, in order to accumulate sufficient assets to pay benefits when due. Although PERS receives an actuarial valuation on an annual basis indicating the contribution rates as required to fund PERS on an actuarial reserve basis, both for funding purposes and GASB disclosure purposes, contributions actually made are in accordance with the required rates established by the Nevada State Legislature.

The payroll for employees covered by the system for the year ended June 30, 2013 was \$5,930,306. The County's total payroll was \$7,428,838. Storey County's contribution to the plan for the year ended June 30, 2013 was \$1,871,896. All costs to the County were paid or accrued at June 30, 2013. The County's contribution represented less than 1% of total contributions to the retirement system.

Currently 119 employees are covered under the retirement plan out of a total of 132 employees. Eligibility requirements are 40 hours per bi-weekly payroll period, no minimum wage is required for participation, nor is there any length of service requirement for participation. Contributions are made at a rate of 20.5% (33½% for police and firemen) of annual compensation.

XV. SOLID WASTE LANDFILL - LOCKWOOD

In 1992 Refuse, Inc. received an amended special use permit from Storey County for the operation of a solid waste landfill, conditioned on meeting all of the requirements of federal landfill regulations (Subtitle D, 40CFR Parts 257 and 258). Under the terms of the agreement Refuse, Inc. is responsible for all closure and post closure costs. Estimated costs for closure are \$2,764,375 and the cost for post closure maintenance is \$9,503,634 for a total of \$12,268,009. There are currently no corrective action cost nor other environmental obligations. Refuse, Inc. is in complete compliance with the Financial Assurance Requirements of 40 CFR, part 258, Subpart G, as well as Nevada Administrative Code 444.685 - 444.6859. The closure and post closure costs are insured through Liberty Mutual Insurance Company.

XVI. RISK MANAGEMENT

Storey County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employee and natural disasters. Storey County has joined together with other counties in the State to form Nevada Public Agency Insurance Pool, a public entity risk pool currently operating as a common risk management and insurance program for 41 governmental entities. The county pays an annual premium to PENCO for its general insurance coverage. The Agreement for Formation of the NPAIP program provides that NPAIP will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$100,000 for Property and Crime and \$150,000 Casualty for each insured event.

The County continues to carry commercial insurance for all other risks or loss, including workers' compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

XVII. TAHOE-RENO INDUSTRIAL CENTER (TRI)

On February 2, 2000, Storey County Nevada, entered into a development agreement with Tahoe-Reno Industrial Center LLC along with DP Operating Partnership, LP for the purposes of completing structures, including grading, infrastructure, and all public facilities related to the property owned by TRI which consists of approximately 102,000 acres, of which approximately 9,000 acres is zoned for industrial usage within Storey County. The development agreement represents the commitment between Storey County and TRI to fund the capital infrastructure costs and local community services required by the project.

According to the agreements, TRI is responsible for the construction of the project public infrastructure, which shall be dedicated to and maintained by Storey County. Such infrastructure includes streets, sidewalks and streetlights, flood control, drainage channels, storm drains, basins and other related facilities; and County building complexes including fire stations, police stations, public works maintenance yards and administrative offices. The County is not responsible for the construction, operation, and maintenance of the project private infrastructure such as community water and sewer facilities, railroad track and related facilities, landscaping of common areas, or private trails and parks and other property not dedicated to the County. The County is responsible for separately recording certain revenue and expenses directly attributable to the TRI project, approving reimbursable costs, and determining the net annual revenue reimbursement to TRI.

The agreements establish a revenue threshold that represents the annual fiscal year in which the TRI net revenue exceeds \$5,000,000. The revenue threshold must be met before any reimbursements are made to TRI for project related infrastructure costs. Once the revenue threshold is met, the County is responsible for reimbursing TRI for approved project vouchers up to 35% of annual net revenue. Such reimbursements are also limited to 5% of the project assessed valuation at the end of each year. The revenue threshold has been met.

The term of this agreement shall commence upon the effective date and shall expire Fifty (50) years after the effective date, unless extended by written amendment executed by the County and Developer. A special revenue fund was established as of July 1, 2009, to provide payment to our TRI partners. A payment of \$838,459 was made by the TRI Payback Fund during the fiscal year.

Future allocations into the TRI Payback Fund will be a percentage of revenues directly attributed to TRI to include property taxes, business licence, permits, inspection fees, and real property transfer taxes.

XVIII. EQUIPMENT ACQUISITION FUND

The County Comptroller has determined that funds have been expended out of the Equipment Acquisition Fund for the purpose of equipment maintenance, vehicle maintenance, supplies and rental equipment for the Fire Special Revenue Fund. The approximate total of these expenditures was \$650,000. An interfund loan will be established for the repayment of these funds. Payment will be made through each year's higher than anticipated revenues or 10% of all revenues collected, whichever is greater, until the balance is paid. A payment of \$30,000 was made in fiscal year 2013.

XIX. PRIOR PERIOD ADJUSTMENT

A \$24,000 prior period adjustment was made for a check reissued to Sierra Pacific Power Co. Relating to 2010. The reissued check cleared the bank in fiscal year ended June 30, 2013.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Board of County Commissioners
Storey County, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Storey County, Nevada, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Storey County, Nevada's basic financial statements, and have issued our report thereon dated September 6, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Storey County, Nevada's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Storey County, Nevada's internal control. Accordingly, we do not express an opinion on the effectiveness of Storey County, Nevada's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Storey County, Nevada's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AUDITORS REPORT ON PRIOR YEAR'S RECOMMENDATIONS

To The Honorable Board of County Commissioners
Storey County, Nevada

We have reviewed the status of our recommendations included in last year's audit report dated September 18, 2012. This review indicated:

1. We recommended that the reconciliation of accounts and approval of writeoffs in the Fire department ambulance billings be authorized through a different department to ensure proper collection and write off controls. This was implemented during fiscal year 2013 by bringing ambulance billings and collections back under the supervision of County employees.
2. We recommended expenditures be monitored to prevent exceeding appropriations. This was not implemented during fiscal year 2013, since five special revenue funds and three programs in the general fund exceeded budgeted appropriations.
3. We recommended expenditures over \$10,000 in the Fire Special Revenue Fund be approved by the County Manager or Comptroller. This was partially implemented in the current year.
4. We recommended care should be taken in the assignment of funds and account numbers prior to recording the liabilities in the accounting records. This was partially implemented in the current year.
5. We recommended reviewing account numbers and names in the Federal/State Grant Fund to further differentiate the Federal and State grant revenues and expenditures. This was partially implemented in the 2013 fiscal year.

AUDITORS REPORT ON CURRENT YEAR'S RECOMMENDATIONS

To the Honorable Board of County Commissioners
Storey County, Nevada

We have audited the financial statements of Storey County, Nevada for the year ended June 30, 2013, and have issued our report thereon dated September 6, 2013. As part of our audit, we made a study and evaluation of the County's system of internal accounting control to the extent we considered necessary solely to determine the nature, timing and extent of our auditing procedures. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole, and we do not express such an opinion.

However during our audit we became aware of certain matters that, while not involving material weaknesses in internal accounting control, are opportunities for increasing controls and operating efficiency. This letter does not affect our report dated September 6, 2013, on the financial statements of Storey County, Nevada.

Current Years Audit Recommendations

1. We recommend monitoring expenditures to prevent exceeding budgeted amounts as expenditures exceeded appropriations in five Special Revenue Funds and three programs in the General Fund. One Special Revenue Fund also had a deficit fund balance.
2. We recommend more care be taken in the recording of cash receipts. There were numerous instances where revenue was receipted into the incorrect cash account.
3. Based upon the amount expenditures exceeded appropriations in almost every category in the Fire and Sheriff Jail Special Revenue Funds, we recommend expenditures over \$10,000 be approved by the County Manager or Comptroller.
4. Continued care should be taken in the assignment of funds and account numbers prior to recording the liabilities in the accounting records. Certain expenditures appear to be more correctly charged to the special revenue funds than the general fund.
5. We recommend account names in the Federal/State Grant Fund be reviewed and adjusted to further differentiate the Federal and State grant revenues and expenditures.
6. We recommend bank reconciliations be balanced to the general ledger, as well as be reviewed and approved by the Comptroller on a monthly basis.
7. We recommend adjusting beginning cash balances at July 1, 2013, either through loans or transfers, in order to eliminate the deficit cash balances in the Fire and Jail Building Funds.

The status of the above recommendations must be reviewed during your next audit engagement. We have already discussed these recommendations with the County Comptroller, and will be pleased to discuss them in further detail at your convenience.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To The Honorable County Commissioners,
Storey County, Nevada

Report on Compliance for Each Major Federal Program

We have audited Storey County, Nevada's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Storey County, Nevada's major federal programs for the year ended June 30, 2013. Storey County, Nevada did not have any programs that qualified as major. The federal programs that were audited as major are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Storey County, Nevada's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirement referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Storey County, Nevada's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Storey County, Nevada's compliance.

Opinion on Each Major Federal Program

In our opinion, Storey County, Nevada complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of Storey County, Nevada, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Storey County, Nevada's internal control over compliance with the types of requirements

that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstance for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Storey County, Nevada's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal programs that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

LETTER OF TRANSMITTAL

To: Vanessa Stephens Storey County Clerk/Treasurer	From: Cherie Nevin
Date: 11/08/13	Re: November 19, 2013 Commission Meeting Agenda Item Request

Vanessa,

Please add the following items to the Storey County Commissioners Meeting Agenda for November 19, 2013:

DISCUSSION/POSSIBLE ACTION:

Selection and prioritization of two applications for the 2014 Community Development Block Grant Program. Possible projects include: Canyon General Improvement District Project, Storey County Senior Center Project and the sponsorship of the Retired Senior Volunteer Program (RSVP) Respite Care project.

I have attached the following documents:

- Agenda Item Request
- Agenda Action Report
- Project Proposals

Please note that Pat has not signed the Agenda Action Report due to being out of the office.

Please feel free to contact me should you have any questions or need anything else.

Thank you!

Cherie Nevin

**Canyon GID
2014 CDBG Grant Proposal
Utility Lab**

Canyon General Improvement District (District) is seeking grant funding to construct a new utility building that would contain a training room and laboratory. This much needed facility would provide many benefits to the District. The lab would provide an area for the utility to perform necessary testing of water and wastewater and would save the District approximately \$10,000 a year by doing testing themselves that they currently outsource. There is a possibility that the lab could be utilized by Storey County as well. The building would contain a small break room with a restroom, and that room could also be used for operator training. This facility will be a 1,200 square foot steel building (approximately).

The District has had a successful history with CDBG Grants. The District was awarded CDBG grants in 2003 for the Lockwood Water System Improvements Design, and in 2006 and 2008 for the Canyon GID Wastewater Treatment Facility and Lockwood Sewer System.

The cost of the building is estimated to be approximately \$250,000. The District would seek \$200,000 in grant funds and would contribute \$50,000 of capital reserve funds to the project.

Storey County Senior Center 2014 CDBG Grant Proposal Kitchen Upgrade

Storey County Senior Center serves a hot lunch to approximately 48 seniors per day. They are residents of Virginia City, Virginia City Highlands, Gold Hill, and Mark Twain. For many, this is there one good meal of the day. Similarly, for many, they are living on fixed incomes.

The Senior Center is more than thirty years old. Some of the kitchen facilities are aging and in need of repair. For example, the two stoves need replacing and the main refrigerator is working but frequently needs repairs.

Eighteen of the lunch meals are served to seniors who cannot get out of their homes. The van is also aging and when it needs repair, there is no budget to do so. Recently, the director spent over \$3,600 on repairs to the van.

This ongoing maintenance and repair of the kitchen facilities and the senior van cuts into the annual budget of the center. Consequently, there are not adequate funds to operate the facility and perform its basic mission: a gathering space for seniors where they can obtain a nutritious meal at minimal cost.

This draft letter is to request funds from the Community Development Block Grant program to help defray these ongoing operational costs of the Senior Center—that are not budgeted with the Storey County funds that support the center. This request is for \$25,000 to replace the aging refrigerator (\$5,000), the two Wolf Stoves (\$5,000), the counter tops in the kitchen (\$7,000), and finally for repairs and maintenance of the Senior Van e.g., tires, annual repair, etc. (\$3,000), and \$5,000 for reserve to cover the costs of other unexpected kitchen or vehicle problems.

The purpose of this grant request is to enable the Senior Center to avoid cutting into their operating budget to pay for these equipment repairs. With each expense, the center goes further into the red—and the services to its constituents are put in jeopardy due to having to choose between keeping the facilities maintained and providing nutritious meals and transportation.

This is not a choice the director should have to make. If there is a way to cover the costs of these unexpected expenses without cutting into their operating budget, it should be done. This is CDBG request can make a real difference in the quality of life of dozens of seniors and keep the facility operational for the next decade—without extensive remodeling.

**Retired Senior Volunteer Program
2014 CDBG Grant Proposal
Respite Care Program**

In project year 2011 & 2012, the RSVP Respite Care Program was developed in Carson City utilizing CDBG funds. It is our goal to expand Respite to the rural counties more fully. And with your help we can achieve that goal, utilizing the one of the three grants available from State CDBG. Rural RSVP is eligible for sponsorship of this new program using the Governor's Office of Economic Development, Rural Community Development CDBG funds. We respectfully request your sponsorship for this lifesaving program in the amount of \$60,000 in order to sustain and grow RSVP Respite Care in the rural counties of Nevada.

The RSVP Respite Care Program provides respite (regular breaks) several times per week for two to four hours or more to senior caregivers who provide 24/7 care for elder family members. The loved ones are suffering from Dementia, Alzheimer's, COPD, Parkinson's disease, Cancer, and many other debilitating disorders. Respite assistance is vital in lowering the stress levels of caregivers as regular breaks allow for a healthier quality of life, and can even save the life of the caregiver.

The goal is to prevent the institutionalization of their loved ones or even themselves by never having a break from 24/7 care giving. RSVP Respite Care volunteers provide caregivers with essential breaks so that they may engage in enjoyable activities and attend to their own needs. There is no charge to the caregiver for this respite care service.

The need for respite care in rural Nevada is critical. Studies by the National Caregivers Association show that 40% - 60% of caregivers die before the person being cared for; thus increasing the likelihood of the loved one being prematurely institutionalized.

RSVP strives to meet demands of seniors in need of Respite as they are presented; however, there has been a tremendous increase in requests for our services that we won't be met without additional trained volunteers. Since January, 2013 alone - 52 RSVP Respite volunteers provided more than 14,000 hours of respite care to 178 clients and caregivers. And the wait list continues to grow.

We endeavor to recruit, train, background check and stipend 20 new respite volunteers who will provide this lifesaving service to 120 additional respite clients and caregivers at a mere fraction of the cost of institutionalization. The cost of institutionalization averages \$75,000 per person, per year. This expense falls to local and county governments for indigent seniors. If we can keep these seniors independent and in their own homes it's not only the right thing to do, it's the most fiscally sound alternative and a win-win for everyone.

Storey County Board of County Commissioners

Agenda Action Report

Meeting date: November 19, 2013

Estimate of time required: 15 Minutes

Agenda: Consent [] Regular agenda [X] Public hearing required []

1. **Title:** Nicole Barde request as to status of the one-quarter cent sales tax to fund the Nevada Commission for the Reconstruction of the V&T Railroad

2. **Recommended motion** Staff recommends this matter be heard for discussion only and has no recommended motion at this time.

3. **Prepared by:** Pat Whitten

Department: County Commissioner's Office

Telephone: 847-0968

4. **Staff summary:** As this item was submitted by a member of the public, Staff generally does not prepare an Agenda Action Report. However, Ms Barde has provided much appreciated information in the nature of her questions which has enabled staff to better prepare the Commission for this discussion. (Continued on Page 2)

5. Supporting materials:

- Interlocal Agreement dated May, 20, 2010
- Email to NCRVTRR Chairman Dwight Millard dated November 1, 2013
- Comptroller estimate of monies due to County from 01/01/10 thru 08/31/13
- Agenda Request Form submitted by Nicole Barde dated September 24, 2013

6. **Fiscal impact:** Unable to determine at this time

Staff summary (continued):

Specifically, Ms. Barde has asked the following questions:

1. **What is the status of the one-quarter cent sales tax?** The Rail Commission's independent auditor has estimated the amount being held as approximately \$250,000. The Carson City Finance Director who handles the day-to-day books for the Commission has confirmed this estimate. Using State Taxation reporting, our Comptroller has calculated the amount due to be \$700,969 on remittances thru August 2013 which, when added to a previously approved Rail Commission grant match of \$250,000 to acquire the Virginia City Depot brings the total now due to \$950,969 (excluding collections pending from September 1, 2013 to date).
2. **Does Storey County have use of these funds for the Railroad Tunnel?** Under an Interlocal Agreement between Storey County and the Rail Commission, the Rail Commission has agreed to "refund" collected sales tax from the calendar year 2010 forward. Please note that availability is not restricted to the Tunnel 6 project but could be used for other rail related projects such as depot acquisition and/or restoration, so long as it is "rail related". Also note that provision number 3 of the Interlocal Agreement allows the Rail Commission to withhold payment for the purposes of paying train operations and track maintenance when there is a revenue shortfall. Provision number 4 requires written notice to Storey County should that happen and to date, we have received no such notification. In an email dated November 1, 2013, Storey County notified the Rail Commission Chairman of our anticipated draw down and we are awaiting response still pending at the time this report was written.
3. **Was the voting public aware of the withhold provision when the renewal for this tax appeared on the November 2010 General Election Ballot?** While staff cannot specifically answer this question, a presumed answer might be "yes" as approval of the Interlocal Agreement, which is a public document, in May of 2010 preceded the election by over five months. We should also note that the predominant portion of sales tax collection is caused either as the result new construction occurring in the Tahoe-Reno Industrial Center or sales tax generated thru sales in the Virginia City/Gold Hill gift shops, restaurants and bars. With most County residents forced to make the bulk of our taxable purchases "out-of-county", very little of the burden rests with our own citizens.

INTERLOCAL COOPERATIVE AGREEMENT

This Interlocal Cooperative Agreement ("Agreement") is entered into by and between the Nevada Commission for the Reconstruction of the V&T Railway ("Commission") and the Board of County Commissioners of Storey County, Nevada ("Storey County") on this 20 day of May, 2010, notwithstanding a later date of execution of this Agreement.

WITNESSETH

WHEREAS, Storey County is a duly created County of the State of Nevada which is authorized and empowered by Chapters 244 and 277 NRS to enter into an interlocal cooperative agreement with another public entity; and

WHEREAS, the Commission, duly created by Chapter 566 Statutes of Nevada, 1993, is authorized and empowered to do all things necessary to establish and maintain a railway which as closely as possible reconstructs the historic Virginia & Truckee Railroad; and

WHEREAS, the Commission and Storey County may contract with each other pursuant to the provisions of NRS 277.180 to perform any activity or undertaking which either entity is authorized by law to perform; and

WHEREAS, NRS 277.057 authorizes public entities such as the Commission and Storey County to enter into cooperative agreements for the preservation, protection, restoration and enhancement of unique and irreplaceable sites of historical significance. Both the Commission and Storey County have determined that the reconstruction of the V&T Railway between Carson City and Virginia City is unique, irreplaceable and is historically significant; and

WHEREAS, by Ordinance 144 adopted by Storey County in 1995, Storey County imposed an additional tax upon retailers in Storey County at the rate of 1/4 of 1 percent of the gross receipts of any retailer from the sales of tangible personal property sold at retail in Storey County on or after 1 January 1996 for the sole purpose of contributing Storey County's share of the costs of the reconstruction of the railroad. After an affirmative vote of a majority of voters of Storey County, Storey County implemented the additional tax for a period of 15 years; the current additional 1/4 of 1 percent sales tax will "sunset" or expire as of 1 January 2011 unless renewed by the electorate of Storey County; and

WHEREAS, the Commission and Storey County have enjoyed, and continue to enjoy, a close "partnership" in the railroad reconstruction efforts. The Commission has been able to reconstruct the railroad from Gold Hill to the outskirts of Carson City, however, the Commission has not undertaken any construction of improvements of the railroad from its current terminus to the old freight depot and adjoining parcel; the depot and parcel located within Virginia City and known as 104 and 136 North E Street; Storey County APNs 01-096-01 and 01-096-02; and

WHEREAS, Storey County has undertaken feasibility studies to determine the necessary improvements required to extend the railroad from its existing terminus to the former freight depot of the Virginia & Truckee Railroad located within Virginia City; and

WHEREAS, the Commission and Storey County agree that reconstruction of the railroad within Virginia City is a valued and valuable extension of the Commission's reconstruction efforts; and

WHEREAS, on 11 January 2010 the Commission approved two requests made by Storey County; the first of such requests was to approve of a one-time grant of \$250,000 to match Storey County's identical amount for the purchase of the old freight depot in Virginia City. The Commission also approved a request from Storey County to return to Storey County any of the funds collected by the Commission from the 1/4 of 1 percent additional sales tax imposed by Storey County Ordinance No. 144 for the balance of calendar year 2010; and

WHEREAS, Storey County will present a question to the Storey County electorate on the November 2010 ballot to extend the 1/4 of 1 percent sales tax for the purpose of reconstruction and maintenance of the railroad; specifically, for the reconstruction of the railroad through Tunnel No. 6 and to the old freight depot and adjoining parcel in Virginia City.

NOW THEREFORE, for and in consideration of the above-stated recitals, each and every of which is incorporated into the parties' Interlocal Cooperative Agreement, and the mutual covenants, conditions and promises contained in this Agreement, the Commission and Storey County agree as follows:

AGREEMENT

1. The Commission and Storey County agree that the "refund" of collected Storey County sales' taxes collected by the Commission pursuant to the requirements of Storey County Ordinance 144 shall continue to be refunded to Storey County for calendar year 2010.

2. The Commission and Storey County agree that should the Storey County electorate pass an extension of the 1/4 of 1 percent sales to be used solely for the reconstruction and maintenance of the Virginia & Truckee Railway, the Commission will continue to refund to Storey County, on a monthly basis, such sales taxes as are collected by the Commission under any renewed or extended sales tax ordinance for the entire length of time that such additional 1/4 of 1 percent sales tax is approved by the Storey County electorate. Storey County agrees, subject to the terms and conditions of this Agreement, to apply the refunded sales tax money to the reconstruction and maintenance of the railroad.

3. The Commission and Storey County agree that, at the time of the approval of this Agreement, the Commission has contracted for train operations between Carson City and Virginia City. While the Commission and Storey County both believe that the revenues generated from ticket

sales will pay for the cost of operation and track maintenance, the Commission and Storey County recognize that in any month's period the ticket sales revenue may not be sufficient to cover all of the operating coss incurred by the Commission.

The Commission and Storey County agree that for any month of the term of this Agreement, where ticket sales revenues are insufficient to maintain the Commission's train operations or track maintenance expenses, the Commission may withhold, for the purposes of payment of the costs of train operations and track maintenance, a portion or all of that month's sales tax revenues received from the 1/4 of 1 percent sales tax imposed by Storey County.

4. The Commission shall provide written notice to Storey County that all or a portion of a month's sales tax revenues must be retained for the purposes of payment of the costs of train operations and track maintenance as soon as practicable after it learns of a shortfall in ticket sales revenue.

5. To the fullest extent of Chapter 41 NRS, each party shall indemnify, hold harmless and defend, not excluding the other's right to participate, the other from and against all liability, claims, actions, damages, lawsuits, and expenses, including but not limited to reasonable attorney's fees and costs, caused by any negligence, error, omissions, recklessness or intentional misconduct of any party, its officers, employees and agents. Such obligation shall not be construed to negate, abridge, or otherwise reduce any right or obligation of indemnity which would otherwise exist as to any party or person described herein. This indemnification obligation is conditioned upon the performance of contractual duties by the party seeking indemnification (Indemnified Party), and its service upon the other party (Indemnifying Party) with written notice of the actual or pending claim within thirty days of Indemnified Party's notice of actual or pending claim or cause of action. The Indemnifying Party shall not be liable for reimbursement of any attorney's fees and costs incurred by the Indemnified Party due to said party exercising its right to participate with its legal counsel.

6. The parties do not waive and intend to assert available liability limitations in all cases as set forth in Chapter 41 NRS. Agreement liability of both parties shall not be subject to punitive damages. Actual damages for any breach shall never exceed the amount of funds which have been identified for payment under this Agreement for each month.

7. This Agreement and the rights and obligations of the parties shall be governed by, and construed in accordance with, the laws of the State of Nevada.

8. The illegality or invalidity of any provision or portion of this Agreement shall not affect the validity of the remainder of the Agreement and this Agreement shall be construed as if such provision did not exist. The unenforceability of such provision shall not be held to render any other provision or provisions of this Agreement unenforceable.

9. Each party agrees to keep and maintain under generally accepted accounting principles full, true and complete records and documents pertaining to this Agreement and present

to the other party, at any reasonable time, such information for inspection, examination, review, audit and copying at any office where such records and documentation are kept.

10. The parties are associated with each other only for the purposes and to the extent set forth in this Agreement. Each party is and shall be a public agency separate and distinct from the other party and shall have the right to supervise, manage, operate, control and direct performance of the details incident to its duties under this Agreement. Nothing contained in this Agreement shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or, except as provided herein, otherwise create any liability for one agency whatsoever with respect to the indebtedness, liabilities and obligations of the other agency or any other party.

11. Neither party shall assign, transfer, or delegate any rights, obligations or duties under this Agreement without the prior written consent of other party.

12. This Agreement shall not become effective unless and until approved by the appropriate official action of the Commission and Storey County.

13. This Agreement constitutes the entire agreement of the parties and such is intended as a complete and exclusive statement of the rights, duties, obligations and other agreements that may have been made in connection with the subject matter hereof.

IN WITNESS WHEREOF, the above-named parties have hereunto set their hands and executed this Agreement on the date(s) set forth below.

General Counsel for the Nevada
Commission for the Reconstruction of
the & Truckee Railway

RESOLUTION NO. 10-321

**A REOLUTION CONTINUING THE ONE-QUARTER PERCENT
V & T SALES TAX**

WHEREAS, In the November 1994 General Election, Storey County voters voted affirmatively to initiate a one-quarter of one percent sales tax dedicated to the restoration and start-up cost of the Virginia & Truckee Railroad between Virginia City and Carson City; and

WHEREAS, On December 9, 1995, the Storey County Commission passed Ordinance #145 imposing said tax with a sunset date of January 1, 2011; and

WHEREAS, On June 15, 2011, the Storey County Commission passed Ordinance 10-229 repealing the sunset clause and allowing for continuation of said tax conditioned up majority voter approval in the November 2010 General Election; and

WHEREAS, In the November 2010 General Election, Storey County voters once again voted affirmatively to support continuation of said tax with a sunset clause of thirty years.

THEREFORE LET IT BE KNOWN to all present that the Board of County Commissioners of Storey County do hereby resolve to extend the continued collection of a one-quarter of one percent sales tax dedicated to Virginia & Truckee Railroad projects and as provided for under Nevada Revised Statute for a period of thirty years commencing January 1, 2011.

PASSED and ADOPTED the 7th day of December, 2010, by the following;

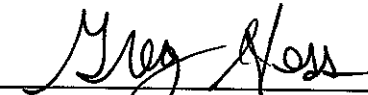

AYES: Kershaw, Flanagan

NAYS: None

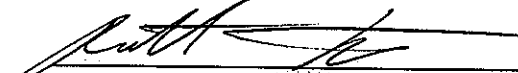

ABSTAIN: None

ABSENT: None

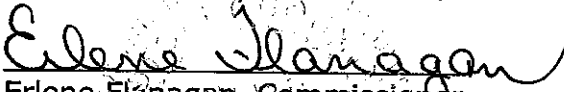

And Signed:

Greg (Bum) Hess, Chairman

Robert Kershaw, Vice-Chairman

Subject: Availability of Funds

Greetings Dwight,

I hope this email finds you relatively content with the conclusion of the latest season for the V&T...at least sans Polar Express. I am writing to confirm availability of our one-quarter cent funds on deposit with the Rail Commission. While our Tunnel 6 project is on hold for the time being as we work thru logistical strategies with Tom Gray, we have continued and increasing interest in acquiring and restoring the Virginia City Freight Depot as well as restoring the Gold Hill Depot to greater utilization. I anticipate a draw request of most if not all available funds sometime after the first of the year. Please advise at your earliest convenience as there has been a request for discussion at our upcoming November 19th Commission meeting. Many thanks...

Vanessa,

Under Storey County Administrative Policy and Procedures #008; Section 1 (a), I am going to deny placement of this item on the agenda. There is not substantial clarity as to what Ms. Houts wishes to discuss nor what action may or may not be contemplated. Ms. Houts can either pursue Policy alternative 1 (b) or discuss her thoughts during the "Public Comment" portion occurring toward the conclusion of the meeting. Please place a copy of this email, together with her request in the correspondence portion of the November 19th meeting packet. Thanks...

for the first meeting in Nov. 2013

10-07-13

to CT from Dale Black M.T.

I lost the form to get on the agenda. Forms aren't
my thing anyway.

for discussion and possible action.

#? employees of the county being treated
better than we the people regarding the price of
propane.

for discussion/possible action #? compensation R.S.
free power for the director of public works R.V. that
is next to the fire dept. building. The director is very
well paid for all his efforts and should be treated
~~at~~ the same as we the people. free power for
him free power for every one.

I plan to have two items each meeting. I
believe Tom Quigly has opened the discussion
/possible action issue up so we the people can
speak on issues of our choice.

Could I be placed #1 ahead of staff reports
as co-chairman of the M.T. improvement committee
when I have something to report? RE: issues weeds
street lights - drainage, broken water faucet in
park. and other things that come up in committee
meetings?

Dale Black M.T.

Subject: RE: Agenda Request from Dale Beach
Attachments: Beach Agenda Request 1113.pdf

Vanessa,

Under Storey County Administrative Policy and Procedures #008; Section 1 (a), I am going to deny placement of both items on the agenda. Storey County does not possess or maintain records as to which employees do or do not purchase propane from Ferrell Gas nor could we determine if the price those that do are paying versus others in the County. As to his request to further discuss our Public Works Director's use of power and parking, that issue has been previously placed on the October 1, 2013 agenda and the matter has been resolved. Mr. Beach can either pursue Policy alternative 1 (b) or discuss his thoughts during the "Public Comment" portion occurring toward the conclusion of the meeting. The latter also pertains to his closing request to discuss the "Mark Twain Improvement Committee". Please place a copy of this email, together with his request in the correspondence portion of the November 19th meeting packet. Thanks...
